JUNIOR DEVELOPMENT PROGRAM

We are committed to providing your child with the best junior tennis program in Western Canada. Our coaches have tremendous amounts of experience coaching players of all levels, from ages 4 and up. Our two-stream approach to junior development gives your child the possibility to enter the development program or high-performance program. All our programs have been carefully designed utilizing Tennis Canada's curriculum and are based on Long Term Athlete Development (LTAD) principles. The Junior Development stream has been purposefully planned using age & skill-appropriate equipment and curriculum to ensure your child's optimal success. Our early stage programs begin at age 4 and follow Tennis Canada's Kids Tennis curriculum. As children progress through our pathway, they will have opportunities to enter our competitive and high performance streams. All of our programs focus on technical, tactical, physical and psychological components.

YELLOW BALL PROGRAMS (13 to 17 years)

Focused on developing ball control skills & fundamentals starting with low compression balls and progressing to a yellow ball on a full court. This program is designed for a range of levels, from the scratch beginner to an intermediate player. Players in this age range may not need to spend as long in each of the Red, Orange and Green stages than some younger players, due to their physical ability, level of coordination and their range of athletic skills. Players aged 11–17 often will be able to serve, rally and score on a full court sooner than others and therefore their progression through the Red, Orange and Green stages towards using the Yellow ball on a regular full-size court may be quicker and more suitable.

The Ball

- Regular Yellow Tennis Ball
- Red, Orange, Green balls may also be used depending on skill level

The Court

- Regulation Tennis Court
- 3/4 court may be used depending on skill level
